

Galbraith Van & Storage and The United Way of Kern County Continues to Help the Disabled Children's Society

Hello Movers, Shakers, and Hockey fans. Galbraith Van & Storage along with the United Way of Kern County collected 10,549 stuffed animals at the Bakersfield Condors Teddy Bear Toss night game on November 25, 2017. This broke the previous record of less than 9,000 collected last year. Thank you for the generosity of the Bakersfield Community and its' hockey fans. Galbraith has been partnered with the United Way of Kern County for the last 20 years helping in various ways including collecting, loading, transporting, and delivering this "precious" cargo to the Disabled Children's Society for all 20 of them. We make this a company family night and usually have 50 or more employees and their family members in attendance. It takes a lot of hands to pick up 10,549 bears.
